SJMH — The St. James Mercy HospitalSJMH — The St. James Mercy Hospital (SJMH) is pleased to announce the opening of a new walk-in “Express Care” clinic that will offer primary care services at its medical building located at 20 Elm St., Hornell (in the former St. James Family Practice lower level office). The Center for Express Care is scheduled to open for business on March 10 and will have 40-hour-a-week hours. Its two primary care physicians, Cynthia Marinelli and David Krohn, are well known to the Hornell community through their work at SJMH.

The Center for Express Care will be open from 8 a.m. to 5 p.m. seven days a week. Services will be similar to those in a primary care office including diagnosis and treatment of common illnesses, health care monitoring, health screenings and referrals to other health care services. Dr. John Robshaw, SJMH physician, will supervise the clinic.

“The St. James Mercy Hospital is excited to announce this new addition to our primary care services,” said Bill St. John, SJMH’s president and CEO. “Local residents have wanted greater access to primary care services, especially during evening and weekend hours. With the Center for Express Care, SJMH is meeting that need.”

The SJMH Express Care will provide convenient, non-emergency care for treatment of conditions such as:

- Conjunctivitis
- Common cold
- Allergic rhinitis
- Upper respiratory infections
- Influenza
- Skin infections
- Sprains
- Wrist sprains
- Minor fractures
- Ear infections
- Minor injuries

The list of confirmed conditions is subject to change.

“I was one of the first practices to offer what is now called ‘Immediate Care’ in 2000,” said Bill St. John, SJMH’s president and CEO. “We began these clinics to provide convenient access to care during evening and weekend hours. These new and enhanced walk-in clinics will enhance that offering.”

The Center for Express Care will be a satellite clinic of SJMH Primary Care located at 20 Elm St., Hornell.

For more information on the opening of SJMH’s Express Care clinic, call (607) 528-6100.

* SJMH is also offering 24-hour hospitalist service through our Fast Pass program. The fast pass program allows SJMH to provide immediate primary care for patients who need hospitalization. This service is available during evenings and weekends. The fast pass service is provided by SJMH’s hospitalists, board-certified internists.
