

## SPONSOR-A-CHILD TO PLAY & LEARN

*Give the gift of sport*

### OUR MISSION

Using sport as a catalyst to promote gender equity in communities impacted by genocide.

KPI's flagship program **Let's Play Fair** is designed to provide multiple opportunities for boys and girls to work together in an effort to promote gender equity. What makes our Let's Play Fair model different is our village-by-village approach and belief that in order to truly achieve gender equity, both males and females must be involved. Sports can break down the walls of segregation and help develop relationships between boys and girls based on trust and mutual respect. Help us give over 100 boys and girls in the rural village of Gatagara, Rwanda the opportunity to experience the transformative power of sport in order to prepare them for their role as the future leaders in their community.

### LET'S PLAY FAIR PROGRAM

*by the numbers per child*

**5**

hours of sports-based programming per week.

**260**

hours of sports-based programming per year.

Learn more about our program culture and sponsor one of our amazing youth at: [www.kidsplayintl.org](http://www.kidsplayintl.org)

**\$20 PER MONTH / \$240 PER YEAR**
