

Join us for Cocktails and Conversation With our visiting Coaches from Rwanda

Please join Kids Play International (KPI) for an intimate evening of cocktails, hors d'oeuvres and conversation with our visiting coaches from Gatagara, Rwanda and hear first-hand the impact KPI is making on this incredibly resilient community!

- Hear how KPI empowers 13 local coaches and impacts 3000+ youth ages 7-18 through our year round Let's Play Fair program which uses sport and interactive discussions to foster positive relationships between boys and girls.
- Get inspired by how KPI's coaches have helped these children challenge harmful gender norms and learn confidence, moral courage, respect and conflict resolution, both on the field and in their daily lives.
- Meet the founder of KPI, 2008 US Ski Team Olympian Tracy Evans, who started [Kids Play International](#) (KPI) to harness the power of sport and the Olympic value of Fair Play to positively shift gender norms among the next generation of youth in Rwanda.
- Discuss what Park City is doing to inspire local youth to use the Olympic Values to challenge harmful gender norms in our communities.

Don't miss the opportunity to be a part of this unique cultural exchange between Park City and Rwanda, and learn more about our exciting Olympic Cultural Exchange trip to Rwanda in June 2017.
