

KidsPlay INTERNATIONAL

Fair Play in Every Way

MISSION: Promote gender equity through sport and the Olympic values in post-genocide affected countries.

VISION: Build a global community in which the power of sport empowers girls and creates supportive boys; allowing everyone to contribute equally in society.

Join our Transformational Game Changer Team Today! Investment in Equity

Gender Equity is not a women's right it is a human right.

Gender inequality remains a major barrier to human and community development worldwide. Across Africa and Asia, women and girls are consistently denied access to equivalent opportunities their male counterparts receive, and are often prevented from accessing education, engaging equally in society, or participating in sports activities. Worldwide, women and girls are routinely prevented from accessing education, engaging equally in society, or participating in sports activities, which creates a major barrier to human and community development.

Genocide adds another layer, making gender equity more challenging, as the trauma of conflict where women were the victims of torture, rape, and other acts of gender-based violence still lingers.

In this season of crisis worldwide, Kids Play International is focusing its efforts on three key programs in support of our communities in Rwanda and Cambodia.

\$30,000

WATER FILTRATION SYSTEM INVESTOR

Build and provide access to clean water immediately in either our Rwanda or Cambodia program site. **A lack of access to water, sanitation and hygiene (WASH) affects women and girls disproportionately, due both to biological and cultural factors.** In addition to meeting girls/women's needs around menstrual and sexual and reproductive health, WASH is also essential for their social and economic development, contributing towards gender equality and the realization of their rights. **\$15,000 / Program Site**

\$15,000

WASH ADVOCATE

Provide Water and Sanitation Hygiene sessions to KPI Families and children to promote healthy behaviors such as hand washing, reduced spread of viruses and disease, proper menstrual hygiene management (MHM), sexual reproductive health (SRH) and family planning. Raise awareness about MHM and SRH among school-age girls **and** boys to dispel myths and reduce fear and discrimination.

\$1000/Brick

COMMUNITY CENTER BRICK BUILDER

Help *expand* opportunities for our 10,000+ Rwandan and Cambodian youth, their families and our community by purchasing a brick to build our **Play Fair Community Centers**. This multi-purpose sport and education facility and resource center is essential to help engage and inform our community on the importance of education, health and how by working together will help create better, more equal and healthy relationships between girls and boys and families. **Approximate cost per Community Center in Rwanda or Cambodia is \$150,000**

All Transformational Investors will receive broad recognition, invitations to KPI events, KPI's e-newsletters and Impact Reports. To participate as a Transformational Game Changer, contact Tracy Evans Land at tracy@kidsplayintl.org.
